

# Shiju J

## Full Stack Web Developer

Phone: +91 9384756289 | Email: [shijujs1212@gmail.com](mailto:shijujs1212@gmail.com)

LinkedIn: <https://www.linkedin.com/in/shiju-j> | GitHub: <https://github.com/Shiju1212>

### OBJECTIVE

---

To start my career as a Full Stack Web Developer by building efficient, responsive and scalable web applications using Python, Django and React, while continuously learning and improving in a professional environment.

### SKILLS

---

- **Frontend:** HTML, CSS, JavaScript, React, Bootstrap
- **Backend:** Python, Django
- **Database Management:** MySQL
- **Development & Tools:** VS Code, Sublime, XAMPP, Postman
- **Version Control:** Git, GitHub

### PROJECTS

---

#### OTT Platform (React + Django)

- Developed a full-stack OTT Platform with a Django-based admin panel and a React user interface.
- Built admin features to add, edit, delete, manage movies and user details.
- Created a responsive React frontend for users to browse and view movie content.
- Integrated REST API communication between backend and frontend for smooth data flow.

**GitHub:** <https://github.com/Shiju1212/ott-platform>

#### Medical Store Management Site (React)

- Built a Medical Store Management web app using React to add, list and delete medicine records efficiently.
- Implemented React state management (useState) to handle dynamic medicine entry.
- Designed a responsive and user-friendly interface using HTML, CSS and Bootstrap.

**GitHub:** <https://github.com/Shiju1212/Medicine-site>

### EDUCATION

---

#### Bachelor of Commerce (B.Com)

Nanjil Catholic College of Arts & Science, Kaliyakkavilai, Kanyakumari

Year of Completion: 2021

### ADDITIONAL TECHNICAL TRAINING

---

- Full Stack Development (python + Django + React)
- Frontend Development (HTML, CSS, JavaScript)
